Strive relentlessly and vigorously–to realize the vision by making the best use of Quality infrastructure resource and experienced talented and committed faculty.

CAMPUS SUPERIOR MESSAGE

REV. SR.PABIN BENNY
(CAMPUS SUPERIOR)

- Our Staff fruitfully employ two diverse strategies that are of Love and Logic to foster a positive learning environment for all our students. Love and Logic may seem like two contrasting forces. While love helps nurture trusting relationships, where students feel respected, appreciated and loved by the teachers, logic helps develop in students personal responsibility, self control, good decision making skills self confidence, and character building with high moral values.

PRINCIPAL MESSAGE

Mrs. J. Mery Reena, M.Sc., B.Ed.,
(Principal)

- The world of 21st century is changing at an accelerated scale. It is a challenge for educators to cope with the changing world order and prepare their students for the future. It has rightly been said by Margaret mead that" Children needs to be taught how to think, not what to think." Our DMI school has always tried to inculcate creativity, critical thinking, innovation, divergent thinking along with proper values of life for its students. The school conducts an array of activities throughout the years bringing out all these skills among children.

- Our school imparts value and skill based education bringing out the best in every child. We focus primarily on preparing our students to be worthy citizens, refined in heart and mind and skilled enough to achieve paramount goals. Our earnest effort is to provide a conducive learning environment to each and every student so that when they go out of the portals, they brim with confidence and emerge as the leaders of tomorrow.
