# **NEWSLETTER – OCTOBER 2024**

# Vision

Commitment to academic excellence and continuous learning with holistic development of every child.

# Mission

Strive relentlessly and vigorously—to realize the vision by making the best use of Quality infrastructure resource and experienced talented and committed faculty.

# CAMPUS SUPERIOR MESSAGE

- ▶ It was such a blessing for me to assist the team in a small way to help the students with their education. As much as education, sharing was also taught to the students by sharing their love & affection to the elderly people near our school campus with groceries & dresses. This act will be a help and encouragement to them and others who have a bright future as they strive to grow and learn valuable skills and knowledge.
- ▶ Keep your chin up – DO YOUR BEST – and be proud of your BEST efforts. Learn from your mistakes and share the lessons you learn freely with others. In doing so, we all grow stronger and smarter together.

# PRINCIPAL MESSAGE

Mrs. J. Mary Reena, M.Sc., B.Ed.,  
(Principal)

- ▶ A safe and secure environment is something that we constantly strive towards. We have in place a wealth of safety and security measures to ensure the safety of all students however, in the world of today, our children are exposed to many challenges like cyber bullying, physical bullying, lack of face to face interactions with friends as well as family, drugs, sexual abuse, to name a few.
- ▶ The most effective way to deal with these challenges head-on is to have open channels of communication with the children. Young children in the Primary School age group usually share an account of their daily activities with their parents but, as the children grow up to become teenagers they tend to become less communicative and appear to be in their own world. To stay connected with them, always spend quality time with them.
